JOSEFINA

MUSSO RIEDEL

Josefina Musso Riedel is a Chilean actress based in Ireland, with international professional experience across Chile, Spain, Canada and global advertising markets.

She began working on screen at the age of nine, participating in campaigns for major international brands, TV commercials, series and short films. Her early professional background reflects discipline, adaptability and a strong on-camera presence uncommon for her age.

She has trained in three countries, studying with industry-recognized coaches and schools: Articulate (England), Matus (Chile), Primera Toma (Spain) and ESAEM (Málaga), where she completed an intensive performing arts and dance program.

Her preparation includes neutral-accent development, scene study, character work and continuous performance coaching, allowing her to cultivate a mature, versatile and professional technique for both screen and commercial work.

Academically, Josefina is a high-ability student (AACC) and excels across all subjects. She has participated in advanced academic programs such as the IrMO, focused on the Irish Mathematical Olympiad, and the research program at CYTI, designed for gifted students in Ireland. She shows notable strength in mathematics, sciences and analytical reasoning, alongside an exceptional reading habit.

She currently serves as class president, demonstrating leadership, responsibility and strong interpersonal skills.

In sports, Josefina is a national champion in artistic gymnastics in both Chile and Ireland, a discipline that enhances her physical control, precision and ability to perform under pressure.

She also practiced equestrian sports in Chile and is currently studying electric guitar, expanding her artistic expression into music and movement.
